

AMKCO PROCESS EQUIPMENT PTE LTD

" It pays to talk to a specialist at AMKCO"

AMKCO PROCESS EQUIPMENT PTE. LTD. is a manufacturer of screening, sieving, and separator equipment for the food, chemical, pulp & paper, and other processing industries. Our core product is the circular vibratory screen. The basic motion of the multi-plane, inertial vibration technique was first patented in the USA in 1954. In addition to the standard machines described in this document, AMKCO offers a wide range of special units and systems to meet special screening needs.

Our factories in Singapore, Canada and The Netherlands produce to ISO 9000, FDA, 3A, USDA, KEMA, DIN, and JIS standards.

Our objective is to provide the best product at the lowest price through the use of our international network of proprietary suppliers.
